

# Priority's Sustainability Guide

## RECYCLING *All material should be placed loose in the recycling cart.*

### Paper Products

Newspaper, office paper, magazines, junk mail, clean pizza boxes and cardboard/paperboard boxes broken down.

### Metal

Pots and pans, Aluminum, steel and tin cans – empty and rinsed.

### Glass

Clear and colored bottles and jars – empty and rinsed, can leave lids on.

### Plastics

Bottles, jugs and containers/tubs – empty and rinsed with caps/lids on. Examples: water/pop bottles, milk jugs and detergent containers, the containers would be like butter tubs, yogurt, sour cream, cottage cheese, etc. (Plastics #1-#7)

### Consumer Packaging

Egg cartons, broth containers, coffee cups, milk cartons – empty and rinsed.

### No Electronics or E-Waste

E-waste, which includes discarded electronics like computers and mobile phones, is not recyclable through regular curbside programs and should be taken to an E-waste recycling center or local government facility for proper disposal

## TRASH *All materials should be bagged properly*

## COMPOST *Must be placed in a brown bag or a clearly marked container (35 Gallons or less)*

### Not sure if it is recyclable? Throw it away.

Non recyclable items can damage and slow down the recycling process.  
If you are unsure. Throw it away.

Frequently asked items: Pizza Boxes, plastic bags, food contaminated materials, ceramics and more.

### Leaves, twigs, branches, grass clippings, and plants.

If you have long branches they must be under 3 feet in length, less than 4 in. in diameter, and bundled with twine.

### NO Animal Waste Food Waste

Animal and food waste should be kept out of the compost bin to prevent attracting pests and creating unpleasant odors, as they do not decompose in the same way as regular yard waste.

## >>> Do NOT throw away! <<<

### BATTERIES

Bring your batteries to a recycling center near you or ask your local government to learn more.

**FIRE HAZARD**

### HAZARDOUS WASTE

Hazardous waste and E-waste should be disposed of properly. Reach out to your local government to learn more

**DANGEROUS FOR ENVIRONMENT AND OUR TEAM**
