

Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The City of Dearborn's 2023-24 Housing and Community Development Annual Action Plan is a document that shall direct the City in its use of U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) funding.

During the report period, the City of Dearborn received a 49th Year CDBG Entitlement allocation of HUD funding in the amount of \$2,981,547 which includes an CDBG entitlement allocation of \$1,754,369, reprogramming of unexpended prior year funding in the amount of \$600,000, anticipated CDBG program income of \$70,000, and a 2023 HOME Allocation in the amount of \$557,178 from the Wayne County HOME Consortia.

The City of Dearborn 2023-24 Annual Action Plan proposed objectives will include the following activities and public services:

1. Provide up to 5 emergency minor home repair rehab projects and 5 comprehensive home rehab repair projects consisting of correcting code violations in the entire home
2. Replacement of old playground equipment, small soccer field, and new fencing at the Wyoming-Gould Park.
3. Rehabilitation of LAHC's office to renovate a Community Health, Workforce Development, and Training Hub.
4. Installation of multipurpose trash receptacles in CDBG eligible parks to allow increase capacity and recycling.
5. Purchase and replace outdated fire and rescue equipment at the two CDBG target areas fire stations.
6. Public service activity which will fund two Vector technician's salaries and fringes for the City's Vector Control Program.
7. Public service activity which will fund salaries and fringes for a case manager and a social services technician to administer their social service programs for the ACCESS organization.
8. Public service activity which will pay for salary and fringes for a health educator to administer the LAHC organization youth substance abuse prevention program in the Dearborn public schools.
9. Leverage funds to pay for a portion of a Transportation Equity Study for the Salina Community located in the South East End of the City.

10. Economic development activity which consists of a façade improvement program in the Warren Ave Business District and the Dix-Vernor Business Corridor.
11. Provide salary and fringe benefits for the Dix-Vernor Staff Liaison and eligible programs.
12. Provide funds for the Department of Public Health to administer a comprehensive health assessment of Dearborn.
13. Provide grant planning and management services.

CDBG-CV CARES Act

The City of Dearborn was allocated \$1,775,769 of CDBG CARES Act (CDBG-CV) funds from the US Department of HUD in 2020. To date, a total of \$1,203,726.89 has been expended in efforts to prevent, prepare for, and respond to coronavirus. The remaining amount of CDBG CARES Act funding is \$572,239.67.

\$700,000 of prior year CDBG unexpended funding was previously allocated to the CARES Act small business program and will be transferred back to Dearborn's CDBG program because of HUD's timeliness expenditure requirements.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The Economic Development Department sought out participation and consultation in the development of this Plan from residents, nonprofit organizations, human service providers, the Continuum of Care, government employees, elected officials, and businesses. **Recently, the City of Dearborn has partnered with newspaper located in the City. The Arab American News newspaper will publish all of Dearborn's public notices to include CDBG notices and it is important to note all of the notices are published in the Arabic language.**

Two community public input meetings/hearings were held at the Dearborn Administrative Center on **April 5, 2023 at 2:00 p.m. and May 4, 2023 at 5:30p.m.** In addition, service providers were asked to solicit input for the Plan.

Two rounds of email invitations were sent by the City of Dearborn to over 120 community development representatives operating within the Metro Detroit/Dearborn area notifying them of the Consolidated Planning process, and encouraging them to attend on or both public hearings that are required within the City's Citizen Participation Plan. The Public Notice was also posted on the City's Economic Development Department webpage at www.cityofdearborn.org.

Representatives of area community development organizations were asked to participate. Eight topic areas from the City's Citizen Participation Plan were presented for targeted comments but all comments were accepted.

After the two public hearings, a draft of the Annual Plan was solicited for a 30-day comment period to gather input from community at-large. The public notice was published in the Dearborn Press and Guide and the Arab American News as well as on the city's website. In addition, the draft Annual Plan was emailed to all of the applicants who submitted a request for funding application for the 2023-24 Program Year. The draft Annual Plan was available on the City's website, in the ED Dept., three public libraries, and at the ACCESS and LAHC non-profit organizations offices.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

There were no comments received during the 30-day public comment period.

6. Summary of comments or views not accepted and the reasons for not accepting them

The city completed outreach to local nonprofits, stakeholders, community organizations, community leaders, and residents who access public services. No organization, stakeholder, or resident submitted any comments or views during the public hearings or 30-day comment period.

7. Summary

The 2023-24 Dearborn Annual Action Plan reflects the coordinated efforts of City staff, a wide network of community stakeholders, and City residents. Through priorities outlined in this Plan, the impact of federal funds received by the City will be maximized through a focused approach to addressing community needs and delivering services to the low and moderate-income residents of Dearborn, particularly in our target “areas of concentration” neighborhoods.

Dearborn’s FY2023-24 Annual Action Plan proposes to use funding in the performance categories summarized below.

Decent Housing

Availability/Accessibility	\$732,178 includes 2023 HOME Allocation
Affordability	\$0

Suitable Living Environment

Availability/Accessibility	\$145,000
Sustainability	\$1,729,369

Planning/Administration

Not Applicable	\$305,000
Program Income	\$70,000

The City focused programs within three core CDBG – eligible neighborhoods or “areas of concentration,” which included Fordson East, Fordson West, and Salina neighborhoods. These neighborhoods were determined through the 2020 Census to have a minimum of 51% low to moderate income persons as defined by HUD and will be the primary focus area of the 2021-2025 Consolidated Plan. Residents in these neighborhoods continue to face many interrelated social issues such as poverty; lack of affordable housing; substandard housing; higher incidence of criminal activity; assistance in addressing language barriers; and a need for support services.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

As lead agency, the City of Dearborn, through the Economic Development Department oversaw the consultation required to complete the 2023-24 Annual Action Plan. The City's Community Development Compliance Officer and Team collaborated with a wide network and gathered information from community service and housing providers, nonprofit organizations, the Continuum of Care, government employees, elected officials, businesses, neighborhood representatives and residents. The outcomes of the Annual Plan represent the information collected from this collaboration, as well as from public comment and public hearing opportunities.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

Many of the local housing providers, health and mental health agencies, and homeless service providers are members of the Out Wayne County Homeless Services Coalition (Continuum of Care). Coordination between these agencies and City occurs primarily through the monthly Out Wayne County Coalition meetings and events. Additionally, the Dearborn Housing Division assists with public housing and senior living through the management of five high rise apartment buildings for low- and moderate-income seniors in Dearborn.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Dearborn is a member of the local Out-Wayne County Homeless Services Coalition (Continuum of Care). The Coalition is a county- wide informal partnership between more than thirty agencies, organizations, and governmental entities that work to bridge the gaps that lead to homelessness excluding the City of Detroit. Wayne Metropolitan Community Action Agency is the lead organization of the coalition. Shortly after the formation of the coalition, member agencies also formed a Continuum of Care (CoC) that would address the specific needs of Out-Wayne County's homeless population while fostering better communication and closing service gaps. The ACCESS Emergency Services team represents the city on this coalition. They attend monthly case consultation meetings, provide case management, homelessness prevention and intervention services, leverage funds, and coordinate various other services.

The composed members work to meet the needs of homeless persons in Wayne County. The Coalition believes that the needs of homeless persons and the challenges of serving homeless persons in the geographic area are unique. The Coalition is committed to the development and implementation of a

unified and effective strategy for moving homeless persons toward permanent housing or permanent supportive housing.

The Coalition recognizes the importance of taking local action to end homelessness. As a result, Out-Wayne County Homeless Services Coalition has developed the framework for a Ten-Year Plan to End Homelessness based on the unique needs of the homeless and near homeless persons and families in the 43 communities that comprise Out-Wayne County. The entire membership of the Coalition is engaged in this process and the Out-Wayne County Homeless Services Coalition assumes responsibility for ensuring that objectives are met. The strategies contained in this Plan are consistent with the of Wayne County's Consolidated Plan.

As a founding member of the Out-Wayne County Homeless Services Coalition, the City of Dearborn recognizes homelessness as a regional issue and makes no attempt to separate Dearborn statistics from those of Out-Wayne County.

ACCESS is the City of Dearborn's lead agency for homeless prevention and they provide homeless prevention services for low to moderately income at risk homeless individuals and families and may include: financial assistance for back rent, security deposit, housing relocation and stabilization, and tenant-landlord engagement.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Dearborn thoroughly explored the opportunities and responsibilities of the recently revised Emergency Solutions Grant Program. It is our belief that the State of Michigan, through its existing programs and 10-year plan to end homelessness, has an existing network and the demonstrated administrative capacity to best manage the allocated funding on behalf of the homeless and at-risk populations in the City of Dearborn and throughout the State of Michigan.

The City of Dearborn has therefore declined its Emergency Solutions Grant allocation with the knowledge that these funds will be added to the State of Michigan allocation.

Following past practices, the State of Michigan (MSHDA) will allocate Dearborn ESG resources through the Out-Wayne County Homeless Coalition (the Coalition), the Continuum of Care (CoC) body serving Wayne County excluding the City of Detroit.

The 2023-24 Dearborn Annual Action Plan reflects the coordinated efforts of City staff, a wide network of community stakeholders, and City residents. Through priorities outlined in this Plan, the impact of federal funds received by the City will be maximized through a focused approach to addressing community needs and delivering services to the low- and moderate-income residents of Dearborn, particularly in our target “areas of concentration” neighborhoods which are located primarily in the Northeast and Southeast area in Dearborn.

As lead agency, the City of Dearborn, through the ED Department oversaw the consultation required to complete the 2021-2025 Consolidated Plan as well as the next two Annual Action Plans. The City’s Community Development Division collaborated with a wide network and gathered information from community service and housing providers, nonprofit organizations, the Continuum of Care, City employees, elected officials, businesses, neighborhood representatives and residents. The outcomes of the Consolidated Plan and following Annual Plans represent the information collected from these consultations, as well as from public comment and public hearing opportunities.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

This plan year the City of Dearborn will receive \$1,754,369 for its 2023-24 CDBG allocation and \$557,178 for its 2023 HOME allocation. An estimated \$3.6 million of CDBG funds and \$1 million of estimated HOME funds will be received over the next two years of this Consolidated Plan. Often additional resources are leveraged by the city and our Sub-recipients and partners to complete a project.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Community Development Block Grant will leverage additional resources as follows:

Fire and rescue equipment will be leveraged with additional City general fund dollars.

Park improvements, and installation, community projects, and health services will be supported with additional City general fund and State dollars.

Sub-recipients for the city will leverage with other federal and state funds, as well as, non-governmental funding.

HOME Investment Partnership Funds will leverage additional public and private investment:

Homeownership investment will be supported by other agencies such as Wayne County Community Action Agency, MSHDA, MI Emergency Relief, and other local community foundation grants.

HOME match requirements will be achieved through the donation of property, private equity investment, and other private sources.

Rental housing projects may leverage additional funding from HUD; the application of Low-Income Housing Tax Credits; private equity investment, private construction and acquisition financing; and other private sources.

Anticipated 2023-24 resources available through this plan to address housing objectives:

Housing Rehabilitation Programs--

\$ 0	Carry-forward from prior CDBG allocation

\$0	Acquisition and demolition of foreclosed, blighted residential structures
\$0	Acquisition, rehabilitation and resale of foreclosed residential structures

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The city owns and manages two additional senior housing apartment buildings that has 351 senior housing units at Hubbard Manor West and Hubbard Manor East.

Dearborn also supports three senior living communities, Oakwood Common, Allegria Village, and Dearborn Town Center Senior. Oakwood Commons was the first retirement community in Southeast Michigan offering a full range of living arrangements based on a resident’s physical capabilities and is sponsored by Cromwell Healthcare Systems. Allegria Village is a retirement community that includes independent and assisted

living for seniors. Dearborn Town Center senior provides affordable senior housing for the independent community.

Dearborn has a substantial amount of public recreational inventory that includes; two regional parks (larger than 200 acres in size); seven community parks (30 to 60 acres); fourteen neighborhood parks (designed for children between ages of 6-14); and twenty mini-parks (intended to serve young children from ages 1-7).

The Ford Performing and Community Arts Center offers residents a fitness and exercise facility, swimming, theater, arts and facility rentals to residents.

Table 7 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The reason for allocation priorities in these CDBG areas of concentration neighborhoods were based on eligibility under HUD rules where at least 51 percent of the residents are considered extremely-low, low, and moderate income by HUD. Each of these neighborhoods has high percentages of low-income population as follows: Fordson East 77.51%, Fordson West 71.97%, and Salina 74.35%.

All three neighborhood census tracts meet HUD's definition of "racially or ethnically concentrated areas of poverty. An area must have non-White/Caucasian population of 50% or more and poverty rate that exceeds 40% to be considered concentrated. Not unexpectedly, these same neighborhoods tend to have lower percentage of persons employed and lower percentage of persons with either a high school or bachelor's degree.

These areas of concentration neighborhoods also have a much older housing stock. Over 70% of the housing stock was built prior to 1960. The advanced age of the housing stock indicates a need for continued maintenance, code enforcement, lead- based paint removal, weatherization and energy efficiency upgrades.

HOME funds are intended to be used throughout the City. HOME funds are predominately utilized for Dearborn Comprehensive Home Rehabilitation Program to sustain affordable housing. Dispersing

affordable housing throughout the city helps to prevent concentrating low-income residents within one neighborhood.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City focused programs within three core CDBG – eligible neighborhoods or “areas of concentration,” which included Fordson East, Fordson West, and Salina neighborhoods. These neighborhoods were determined through the 2010 Census to have a minimum of 51% low to moderate income persons as defined by HUD and will be the primary focus area of the 2021-2025 Consolidated Plan. Residents in these neighborhoods continue to face many interrelated social issues such as poverty; lack of affordable housing; substandard housing; higher incidence of criminal activity; assistance in addressing language barriers; and a need for support services.

The City of Dearborn has made every effort over the last five years to increase the impact of its HUD funding, placing as many resources as possible directly into the development or rehabilitation/repair of housing and community social services. The City focused CDBG programs within three core CDBG – eligible neighborhoods or “areas of concentration,” which included Fordson East, Fordson West, and Salina neighborhoods.

Geographic Distribution

Target Area	Percentage of Funds
Fordson East	34
Fordson West	33
Salina	33
City-Wide	

Table 8 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The focus of CDBG funding in these areas of concentration neighborhoods were based on eligibility under HUD rules where at least 51 percent of the residents are considered low and moderate income by HUD. Each of these neighborhoods has high percentages of low-income population as follows: Fordson East 77.51%, Fordson West 71.97%, and Salina 74.35%.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

Certain factors barring affordable housing can be removed or improved through activities within local government control.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

1. The City of Dearborn Planning Division and Zoning Division have completed its work on updating and streamlining its zoning codes to be able to assist more residents and developers in a more efficient and productive manner.
2. The City of Dearborn Property Maintenance and Development Services Department have completed its work on updating and streamlining its current permit process to be able to assist more residents and contractors more efficiently.
3. The City of Dearborn Community Development Department staff will continue to evaluate internal policies and procedures affecting the implementation of federally funded housing programs and projects.
4. The Economic Development Department will continue to pursue other sources of funds, both public and private, to address barriers to affordable housing.
5. The Community Development Department will continue to implement, evaluate, and fund programs that promote affordable housing and strive to end homelessness.

Discussion

Dearborn is committed to improving or removing activities that are perceived as barriers to affordable housing. City's permitting processes are frequently reviewed and simplified to reduce duplication and costs. Staff regularly evaluates internal procedures before implementing policies or unnecessary steps that increase affordable housing costs. Staff carefully reviews all potential housing programs before approving them to avoid potential impacts to affordable housing.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City of Dearborn will engage in a variety of activities during the 2022/23 CDBG program year, which are intended to further local housing and community development goals.

Actions planned to address obstacles to meeting underserved needs

The Economic Development Department will continue to collaborate with our local housing division, and social service providers, government officials, department managers, and citizens to identify areas of need in the community. Coordinated efforts have been improved and will continue to be enhanced through PY2023 with Wayne County HOME Consortia, CDBG subrecipients, local funders, and other governmental entities to try and address underserved needs.

Based on the information gathered for the development of the 2021-2025 Consolidated Plan, one of the more underserved populations is extremely-low income, particularly in regards to housing. Among renters and homeowners housing costs are by far the most prevalent of housing problems. Small and large family renters experience the highest prevalence of cost burdens at greater than 30% and 50% of area median income (AMI). Elderly families with income under 50% of AMI have the highest cost burden at greater than 30% of AMI. The housing rehabilitation programs, homeownership programs, and rental housing (if feasible) will help the city address these underserved needs.

Actions planned to foster and maintain affordable housing

Improve the condition of existing housing.

Funding available will be utilized to sustain (or improve) existing assisted housing units and to rehabilitate substandard housing.

Improve access to and the stability of affordable housing.

Homebuyer assistance programs (purchase-rehab, down payment assistance, etc.) may also be developed and implemented.

Increase the supply of affordable housing.

The City of Dearborn Economic Development Department has added a new construction activity to the HOME Program funding it receives from the Wayne County HOME Consortia. The general project scope of the Lonyo HOME Project includes:

- Develop a pattern book and design guideline for duplexes, threeplexes, and fourplexes for an area of Dearborn generally bounded by Lonyo, Wyoming, and Warren Ave, covering approximately 45 parcels.
- Facilitate pre-approvals through planning and zoning processes to enable rapid development of housing typologies in the pattern book/design guideline
- Issue an RFP to solicit private developers to construct the housing units within the parameters of planning/zoning pre-approvals and pattern book/design guideline; provide expedited permitting services and support rapid construction of housing.
- Subsidize the design and construction of the housing, and offer it at workforce rates.
- Leverage other potential sources of funding to support stormwater retention, infrastructure, and other costs to support constructing the housing at a high quality and for workforce rates.
- Comply with all applicable HOME/HUD/CDBG/other criteria.
- Partner, where feasible, with nonprofit service providers to facilitate access to the housing units and supportive/wrap-around services to facilitate housing stability and upward economic mobility for the occupants.

Through the production of new units. The City of Dearborn will consider issuing a Certificate of Consistency for any such proposed rental housing (multi-family) projects if the proposing agency can demonstrate a need within the Dearborn population to be served, the ability to properly manage the project after construction, and a project location that does not result in (or increase) an excessive concentration of low-income households in a particular neighborhood. Projects that will adversely compete with existing assisted housing will not be certified.

Actions planned to reduce lead-based paint hazards

Economic Development Department personnel have attended HUD, State of Michigan, Michigan Community Development Association (MCDA), and Southeast Michigan Council of Governments (SEMCOG) workshops and seminars. Members of our rehabilitation staff have been certified by the State of Michigan for risk assessment, paint inspection, and clearance testing.

Lead risk assessments will be completed for all housing units receiving a comprehensive housing rehabilitation. When conditions are found which indicate a potential lead-based paint hazard, appropriate remedial action will be included as part of the rehabilitation work. All lead work will be

conducted in accordance with federal regulations and performed by an appropriately certified and/or licensed contractor.

Actions planned to reduce the number of poverty-level families

The City of Dearborn has well-established service networks to provide services to impoverished and underserved residents. These include:

A local Social Service Provider funded by the City to address critical social service needs. These include food and housing assistance, utility shut-off prevention and restoration, advocacy, information and referrals, senior services, translation, and both immigration and legal services.

1. A local Social Service Provider funded by the City to address critical homeless service needs. These include emergency shelter (hotel/motel), assistance with rent/mortgage/utility payments to prevent displacement and/or homelessness, referrals to transitional and permanent housing programs including Section 8, subsidized housing programs, and senior citizen housing.
1. City Housing Division to manage subsidized and rent controlled housing for the low-income seniors and disabled.
1. Employment training and job counseling through Michigan Works, ACCESS and M-TEC at the Henry Ford College. Other employment and training services offered are provision career assessments, talent building programs, job placement/retention and career advancement, referrals to employability skills and job training, education and workforce development opportunities.
1. Continue partnership with the Out Wayne County Homeless Coalition to improve the capacity of all community partners to help homeless, imminently homeless, and marginally housed persons locate, secure, and sustain permanent housing.
1. The Economic Development Department plans to establish a workforce hub and entrepreneurship incubator. This will support women starting businesses in Dearborn and create an open space for entrepreneurs.

1. The Economic Development Department will execute a Housing Market Analysis in order to clarify the demand and economics to guide, with public data, new housing construction desired by property owners, families, and other stakeholders.

Actions planned to develop institutional structure

Recently within the last year, the City of Dearborn has some challenges with administrative capacity. This is primarily due to a newly-appointed Mayor which caused a lot of high seniority staff to retire and other employees to be promoted to other departments. The Economic Development Department lost three staff positions during this period who were promoted to other departments. By the end of 2022, the Economic Development Department will have filled the three positions that were lost and will have regained most levels of staff capacity. In 2023, Economic Development Department still has not completely regained its full staff capacity.

However, with declining revenues, we must offset lost resources to maintain our services and programs.

The following are therefore considered for the next five years:

Management Capacity

Develop additional cost-effective ways to provide affordable housing. We have, and will continue to seek additional ways to share resources and costs to maintain an acceptable level of program and management capacity.

Identify service gaps and improve efficiency and effectiveness in their delivery. This is a continuing process and, although, no specific actions have been identified for implementation during the 2021-2025 consolidated program year's measures will be taken.

CHDO Capacity Development

The City of Dearborn was approved a CHDO who's primary (or only) service area is Dearborn. The Wayne County HOME Consortia assisted the city with the application process, technical assistance, and other HUD requirements to approve Leaders Advancing and Helping Communities (LAHC). This identifiable gap in our housing delivery system, has finally been resolved. CHDO's are generally established to address the needs of a severely distressed community or to address a significant gap in the provision of housing to an identifiable group.

Any organization interested in creating or becoming a CHDO in the City of Dearborn may contact the Economic Development Department for technical assistance. Technical assistance may also be available through the US Department of Housing and Urban Development (HUD) and the Michigan State Housing

Development Authority (MSHDA).

Expanding the Network of Partners

The City will continue efforts to strengthen existing and establish new relationships with service providers to expand and strengthen services in the community.

Impact on Declining Revenues

Recent budget constraints and downsizing at the federal, state and local level significantly impact the resources available to address existing conditions.

With each "available" resource comes a complex, ever-changing set of laws, rules, regulations, plans, certifications, application, documentation and reporting requirements. Existing administrative capacity is already strained in the support of ongoing programs. The addition of new programs requires a major commitment of administrative and technical staff talent to research, design and implement each program.

This gap in financial resources and administrative capacity will certainly impact our priorities and project selection process. Projects that require excessive administration, or that result in long-term operation commitments are less likely to receive assistance.

Actions planned to enhance coordination between public and private housing and social service agencies

The City of Dearborn has indicated that the priority needs addressed during the five-year period of this Plan are; Affordable Housing which includes comprehensive and minor home rehabilitation, down payment assistance, rental housing and code enforcement. The Public Facilities priority needs are neighborhood/recreation facilities, public infrastructure, and fire stations/equipment. The Public Service priority needs are crime awareness services, youth empowerment/development services, youth drug prevention services, health services, park management, and social services. The institutional structure for public facilities, public infrastructure, code enforcement, crime awareness services, youth empowerment/development services, health services, and park management priorities are internal to the city and has no gaps to providing services. The social service and youth drug prevention programs are done through a collaborative relationship with the City's two (2) CDBG sub-recipient agencies and will be monitored per HUD regulations. The Economic Development staff at the city plan to engage with the Housing Division staff to review possible areas of partnership that will improve affordable housing priorities.

The development of new affordable housing, particularly with supportive services, is a goal of the Continuum of Care. Partnerships with Out Wayne County Coalition, local non-profits housing providers and MSHDA will need to take place as well as the development of an affordable housing strategy. The

city will continue to invest in affordable housing through both the CDBG and HOME grant programs. The development of new units will continue to be considered based on successful financial statements and plans.

The Out Wayne County Homeless Coalition serves as the area's Continuum of Care and has been working collaboratively for over 20 years to provide services to the homeless or those at-risk of homelessness. Coalition members deliver services based on a central-intake model with Wayne Metropolitan Community Action Agency serving as the Housing Assessment and Resource Agency. To have a more proactive approach to homeless prevention, the Coalition developed a Ten-Year Strategy to End Homelessness and meets monthly to align projects, programs, supports and interventions to meet the goals of the Ten-Year Strategy.

Discussion

Assisted Housing

Townsend Towers, Kennedy Plaza, Sisson Manor: 333 units, federally-financed (rent subsidy) housing for the low-income elderly. Estimated annual turnover is 40 units.

Village Park Apartments: 152 units, Section 8 project-based rental assistance complex consisting of 30 one-bedroom apartments, 72 two-bedroom apartments, 20 two-bedroom townhouses, and 30 three-bedroom townhouses for low-income families.

Hubbard Manor East, Hubbard Manor West: 351 units of locally financed (rental revenues) housing units for moderate-income elderly households.

St. Sarkis Towers: 151 units, project-based rental assistance for low-income elderly and disabled households.

Normandy Apartments: 96 units, project-based rental assistance for low-income elderly and disabled households.

Dearborn Town Center Senior building.: 77 units for the senior community with one- and two-bedroom units.

The City of Dearborn does not have any Section 8 Vouchers at this time.

All of the assisted units described above are expected to continue throughout the five-year life of this plan.

To further enhance low-to-moderate income neighborhoods, park improvements, health services, and vector control support are also planned in these neighborhoods.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(I)(1,2,4)

Introduction

Projects planned with all CDBG funds expected to be available during the year are identified in the AP-35 Projects Table. The following identifies program income will be used and is included in projects to be carried out.

The city is anticipating generating up to \$70,000 in program income during the 2023-24 program year. These funds will be utilized for some of the 2023-24 CDBG eligible projects and activities.

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	70,000
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	70,000

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

Discussion

This will be the third year into the 2021-2025 Consolidated Plan. The majority of the projects identified in this Plan will meet and exceed the minimum overall benefit of 70 percent of low- and moderate-income residents. The city anticipates the overall benefit of persons of low and moderate income with the projects identified will be 100 percent.

PRIOR COUNCIL ACTION: The 2021-2025 Five Year Consolidated Plan was approved at the City Council at its July 13, 2021 Regular Meeting.

BACKGROUND: The Dearborn Five-Year Consolidated Plan (Con Plan) period is from 2021-2025. The Con Plan is the strategic plan document in which community development priorities and multiyear goals are set based on an assessment of housing and community development needs and market conditions.

The City of Dearborn will amend its approved Con Plan whenever, between annual submissions, it makes one of the following decisions:

1. To make a change in its allocation priorities (Con Plan Priority Needs Summary Table) or a change in its project selection process;
2. To carry out a project/activity not previously described in its Action Plans; or,
3. To change the purpose, scope (budget), location (community or neighborhood), or beneficiaries (ex. low income, disabled, elderly) of a project/activity.

All amendments will be submitted to HUD at the end of each program year.

In accordance with Consolidated Plan requirements and the City's Citizen Participation Plan, EDD has posted the changes to the Con Plan and Annual Action Plan through the Substantial Amendment public notice.

A summary of the proposed Substantial Amendment was published in the Dearborn Press and Guide newspaper on March 15, 2023 in order to provide opportunity for public comment. The 30-day comment period ended on April 17, 2023.

FISCAL IMPACT: The City of Dearborn receives an estimated \$1.7M of federal annual entitlement CDBG funding from the U.S. Department of Housing and Urban Development.

IMPACT TO COMMUNITY:

Improve the condition of existing housing by supporting housing rehabilitation of owner-occupied housing.

EXECUTIVE SUMMARY

DEARBORN
ECONOMIC
DEVELOPMENT

Improve recreational and park facilities through park renovations and enhancements.

Maintain, improve, and replace existing public facilities such as libraries and fire stations.

Support health services with the continuation of the Vector pest (rodents) control program and the continuation of the youth substance abuse prevention program in the Dearborn Public Schools.

Improve and enhance community involved crime prevention activities through the Community Policing program.

Increase social service programs for low-and-moderate income residents through the continuation of emergency shelter programs (hotel/motel vouchers) to prevent homelessness, transitional housing, subsidized and senior housing assistance, food assistance, health & mental health, employment & training, legal aid services, education, and programs which address language barriers.

IMPLEMENTATION TIMELINE: Immediate effect is requested to submit CDBG Substantial Amendment to HUD for review and approval in efforts to reallocate the (Vector Supply and Equipment project) and fund the new projects (Dix-Vernor Liaison Staff and Dix-Vernor CDBG Programs) for the duration of the 2023-24 CDBG fiscal year.

COMPLIANCE/PERFORMANCE METRICS: There are three main components to the CPD Outcome Performance Measurement System:

Objectives: The objectives are framed broadly to capture the range of community impacts that occur as a result of program activities.

Outcomes: The program outcome helps further refine the grantee's objective and is designed to capture the nature of the change or the expected result of the objective that a grantee seeks to achieve.

Indicators: There are four common indicators that are relevant for most activities. The system requires the grantee to report on these data elements for nearly all program activities.

- ✓ Amount of money leveraged from other Federal, state, local, and private sources, per activity.
- ✓ Number of persons, households, businesses, units or beds assisted, as appropriate.
- ✓ Income levels of persons or households by: 30 percent, 50 percent or 80 percent of area median income.
- ✓ For CDBG activities that benefit an area, the data reported for that activity will need to show the total number of persons served and the percentage of LMI individuals served. Race, ethnicity, and disability data for activities that currently report these data elements.

TO: City Council
FROM: Jordan Twardy, Director Economic Development
VIA: Mayor Abdullah H. Hammoud
SUBJECT: 2023-24 Community Development Block Grant - CARES Act Funds
DATE: June 28th, 2023

The City of Dearborn was allocated \$1,775,769 of Community Development Block Grant - Coronavirus Aid, Relief and Economic Security Act (CDBG-CV) funds from the US Department of HUD in 2020. To date, a total of \$1,203,726.89 has been expended in efforts to prevent, prepare for, and respond to coronavirus. The remaining amount of CDBG-CV funding is \$572,042.11.

CDBG-CV 2023-24 Annual Action Plan Summary

Combined CDBG-CV funding in the amount of \$572,042.11 includes \$125,751.68 of administration and planning funds and \$446,290.43 of unexpended and unprogrammed funds. The 2023-24 Annual Action Plan proposes to use these CDBG-CV actual resources in the following categories:

01-Administration and Planning	\$125,751.68
02-Economic Development Projects (Warren Ave and Dix-Vernor Business Corridor renovation projects)	\$446,290.43

The remaining \$125,751.68 will stay allocated in the current administration CDBG-CV activity for general program administration and planning activities. \$446,290.43 will be allocated toward economic development projects for specific interior upgrades and/or outdoor seating that will tie back to prevent, to prepare for, and response to the coronavirus.

The attached, proposed Council Resolution will authorize the Economic Development Department Director to execute legal contracts and request for proposals as identified in the Council Resolution for the remaining CDBG-CV funding as follows:

Requesting the Finance Director be authorized to recognize and appropriate the remaining CDBG-CV grant award and to receive, direct and disperse those award funds within the Community Development Fund (283) or other funds as supported through the annual schedule of supported resources which could include the General Fund (101) or Facilities Fund (834).

CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing --The jurisdiction will affirmatively further fair housing.

Uniform Relocation Act and Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

Anti-Lobbying --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-L.L.L., "Disclosure Form to Report Lobbying," in accordance with its instructions; and
3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (42 U.S.C. 1701u) and implementing regulations at 24 CFR Part 75.

Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) _____ [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

Compliance with Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, J, K and R.

Compliance with Laws -- It will comply with applicable laws.
